

Do's

Dust furniture regularly with a soft non-abrasive cloth or feather duster

If further cleaning is needed, use a soft damp cloth with mild soap and luke warm water. Rub gently in the direction of the grain and wipe away excess water with a dry dust-free cloth

Use protective pads under abrasive items to avoid scratching

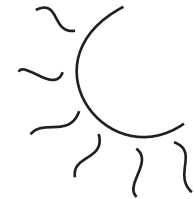

..... Don'ts

Do not use furniture polishes of any kind

The use of such detergents may leave a residue on the surface of your furniture that can possibly affect its appearance

Do not place furniture in direct sunlight or in front of or over heating and air conditioning vents

Never drag furniture across the floor
Always lift when moving
